

REMARKS

In an Office action mailed October 3, 2002, the Examiner attached a Notice of Draftsperson's Patent Drawing Review (Form PTO-948) (copy enclosed) indicating that the Draftsperson objected to the drawing under 37 C.F.R. §§1.84(i) and (p). However, there was no mention of the Draftsperson's objection in said Office action.

In order to comply with 37 C.F.R. § 1.84, the Applicant has amended the drawing of Figures 1-11 and is submitting herewith one set (11 sheets, Figures 1-11) of replacement drawings for filing in the above-identified patent application. Kindly substitute the enclosed formal drawings for the informal drawings submitted with the originally filed application. By the forgoing, the Applicant has amended the drawing of Figures 1-11, thereby satisfying all drawing requirements. No new matter is introduced by the replacement figures.

The Applicant respectfully requests entry of the amendment. The Applicant does not intend by this or any other amendment to abandon the subject matter of any claim as originally filed, and reserves the right to pursue such subject matter in this application or related applications.

No fees are believed to be due; however, should any fees be deemed necessary in connection with the filing of this amendment, the Commissioner is hereby authorized to deduct any such fees from Marshall, Gerstein and Borun deposit account number 13-2855.

Respectfully submitted,
